### Overview

We are a clinical-stage biopharmaceutical company focused on discovering, developing and commercializing novel oral anti-viral therapeutics to improve the lives of patients suffering from life-threatening disease, starting with our lead product candidate, PBI-0451, which is in clinical development and intended to treat and prevent COVID-19 in adult and pediatric patients. COVID-19 is caused by infection with the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) and has emerged as the most significant pandemic threat to the world in many decades. We have built a discovery platform designed to target reactive nucleophiles, such as those in cysteine proteases. By leveraging our understanding of structure-based drug design, reversible covalent chemistry and viral biology, we have discovered and are developing novel product candidates with low nanomolar potency against SARS-CoV-2 and broad activity against all known pathogenic human coronaviruses. Our lead product candidate, PBI-0451, inhibits the main coronaviral cysteine protease (Mpro), a viral protein essential for replication of all known coronaviruses, including SARS-CoV-2. In preclinical studies, PBI-0451 has demonstrated activity against all coronaviral proteases tested to date, as well as inhibition of replication of multiple coronaviruses, including SARS-CoV-2 clinical variants of concern, including those in the Omicron-lineage. In preclinical studies, PBI-0451 demonstrated the potential for oral bioavailability across multiple preclinical species. More recently, it has demonstrated oral bioavailability in healthy volunteers in our Phase 1 clinical trials. We believe the anti-viral potency seen against SARS-CoV-2 in preclinical in vitro studies and demonstrated oral bioavailability in humans supports PBI-0451's potential to be an oral direct acting antiviral (DAA) for use against COVID-19. We plan to develop PBI-0451 for both oral treatment and prophylaxis of COVID-19 in adult and pediatric patients. Given the highly conserved nature of the Mpro target, which is shared among all known coronaviruses, we believe PBI-0451 will likely continue to retain its potency and activity against current and most emerging SARS-CoV-2 variants of concern.

Following productive discussions with the FDA, we commenced a Phase 2 clinical trial in September 2022 (NCT 05543707) evaluating PBI-0451 for the treatment of COVID-19. Data from the Phase 2 clinical trial is expected in the first quarter of 2023. During the pendency of our Phase 2 clinical trial, we will continue to engage in discussions with the FDA and other global regulatory authorities regarding our clinical development program for PBI-0451, including clinical design, patient populations, endpoints (primary and secondary), comparator, and other key study design elements for our potential Phase 3 clinical trials. Subject to Phase 2 clinical trial results and continued discussions with the FDA and global regulatory authorities, we are currently planning to initiate our Phase 3 program in the first half of 2023.

Since inception in 2020, we have devoted substantially all our efforts and financial resources to organizing and staffing our company, business planning, raising capital, discovering product candidates, preparing and filing related patent applications and conducting research and development activities for our product candidates. We have not yet successfully completed any Phase 2 clinical trials evaluating the efficacy of any of our product candidates, including PBI-0451, nor have we obtained any regulatory approvals, manufactured a commercial-scale drug, or conducted sales and marketing activities. We do not have any products approved for sale and we have not generated any revenue from product sales.

On the Closing Date, FSDC II, Old Pardes and Merger Sub consummated the Business Combination pursuant to the terms of the Merger Agreement.

On the day prior to the Closing Date, Old Pardes changed its name to “Pardes Biosciences Sub, Inc.” Pursuant to the Merger Agreement, on the Closing Date, (i) FSDC II changed its name to “Pardes Biosciences, Inc” and (ii) Old Pardes and Merger Sub consummated the Merger, with Old Pardes as the surviving company in the Merger and, after giving effect to such Merger, Old Pardes becoming a wholly-owned subsidiary of Pardes Biosciences, Inc. See “*Where You Can Find More Information*” and “*Documents Incorporated by Reference*.”

The issuance of shares of preferred stock could have the effect of decreasing the trading price of the Common Stock, restricting dividends on the capital stock of Pardes, diluting the voting power of the Common Stock, impairing the liquidation rights of the capital stock of Pardes, or delaying or preventing a change in control of Pardes.

## **Election of Directors and Vacancies**

Subject to the rights of the holders of any series of preferred stock to elect additional directors under specified circumstances and the terms and conditions of the Voting Agreement, the number of directors of the Board shall be fixed solely and exclusively by resolution duly adopted from time to time by the Board. Our Certificate of Incorporation provides that our Board is classified into three classes of directors, each with staggered three-year terms.

Under the Bylaws, at all meetings of stockholders called for the election of directors, a plurality of the votes properly cast will be sufficient to elect each director to the Board.

Except as the DGCL or the Voting Agreement may otherwise require and subject to the rights, if any, of the holders of any series of preferred stock, in the interim between annual meetings of stockholders or special meetings of stockholders called for the election of directors and/or the removal of one or more directors and the filling of any vacancy in that connection, newly created directorships and any vacancies on the Board, including unfilled vacancies resulting from the removal of directors, may be filled only by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum of the Board. All directors will hold office until the expiration of their respective terms of office and until their successors have been elected and qualified. A director elected or appointed to fill a vacancy resulting from the death, resignation or removal of a director or a newly created directorship will serve for the remainder of the full term of the class of directors in which the new directorship was created or the vacancy occurred and until his or her successor will have been elected and qualified.

Subject to the rights, if any, of any series of preferred stock and subject to the terms of the Voting Agreement, any director may be removed from office only with cause and only by the affirmative vote of the holders of not less than two-thirds of the outstanding shares of capital stock then entitled to vote at an election of directors. Any such director proposed to be removed from office is entitled to advance written notice as described in the Certificate of Incorporation. Subject to the terms and conditions of the Voting Agreement, in case the Board or any one or more directors should be so removed, new directors may be elected at the same time for the unexpired portion of the full term of the director or directors so removed.

Notwithstanding the foregoing provisions, any director elected pursuant to the right, if any, of the holders of preferred stock to elect additional directors under specified circumstances will serve for such term or terms and pursuant to such other provisions as specified in the relevant certificate of designations related to the preferred stock.

For more information on the Voting Agreement, see “*Selling Securityholders—Material Relationships with Selling Securityholders.*”

## **Quorum**

The holders of a majority of the voting power of the capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, will constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise required by law or provided by the Certificate of Incorporation. If, however, such quorum will not be present or represented at any meeting of the stockholders, the holders of a majority of the voting power present in person or represented by proxy or the presiding officer will have power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum will be present or represented. At such adjourned meeting at which a quorum will be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed. If the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting will be given to each stockholder entitled to vote at such adjourned meeting as of the record date fixed for notice of such adjourned meeting.

## Anti-Takeover Provisions

### *Anti-takeover effects of certain provisions of our Certificate of Incorporation and Bylaws*

Our Certificate of Incorporation and our Bylaws include a number of provisions that could deter hostile takeovers or delay or prevent changes in control of Pardes, including the following:

- *Board vacancies.* Our Certificate of Incorporation provides that, subject to the terms of the Registration Rights Agreement and the Voting Agreement, all vacancies, including newly created directorships, may, except as otherwise required by law, be filled by the affirmative vote of a majority of directors then in office, even if less than a quorum. In addition, the number of directors constituting the Board is permitted to be set only by a resolution adopted by a majority vote of the Board. These provisions would prevent a stockholder from increasing the size of the Board and then gaining control of the Board by filling the resulting vacancies with its own nominees. This makes it more difficult to change the composition of the Board but promotes continuity of management.
- *Classified board.* Our Certificate of Incorporation provides that the Board is classified into three classes of directors, each with staggered three-year terms. A third party may be discouraged from making a tender offer or otherwise attempting to obtain control of us as it is more difficult and time consuming for stockholders to replace a majority of the directors on a classified board of directors.
- *Stockholder action; special meetings of stockholders.* Our Certificate of Incorporation provides that our stockholders may not take action by written consent, but may only take action at annual or special meetings of our stockholders. As a result, a holder controlling a majority of our capital stock would not be able to amend our Bylaws or remove directors without holding a meeting of our stockholders called in accordance with our Bylaws. Further, our Certificate of Incorporation and Bylaws provide that, except as otherwise required by statute and subject to the rights, if any, of the holders of any series of preferred stock, special meetings of our stockholders may be called only by a majority of the directors then in office, thus prohibiting a stockholder from calling a special meeting. These provisions might delay the ability of our stockholders to force consideration of a proposal or for stockholders controlling a majority of our capital stock to take any action, including the removal of directors.
- *Advance notice requirements for stockholder proposals and director nominations.* Our Bylaws provide advance notice procedures for stockholders seeking to bring business before our annual meeting of stockholders or to nominate candidates for election as directors at our annual meeting of stockholders. Our Bylaws also specify certain requirements regarding the form and content of a stockholder's notice. These provisions might preclude our stockholders from bringing matters before or from making nominations for directors at our annual meeting of stockholders if the proper procedures are not followed. We expect that these provisions might also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of Pardes.
- *No cumulative voting.* The DGCL provides that stockholders are not entitled to the right to cumulate votes in the election of directors unless a corporation's certificate of incorporation provides otherwise. Our Certificate of Incorporation does not provide for cumulative voting. Consequently, the holders of a majority of the shares of Common Stock entitled to vote in any election of directors have the right to elect all of the directors standing for election, if they should so choose.
- *Directors removed only for cause.* Our Certificate of Incorporation provides that, subject to the rights of any series of preferred stock to elect directors and the terms of the Registration Rights Agreement and the Voting Agreement, stockholders may remove directors only for cause and only by the affirmative vote of the holders of at least two-thirds of all of our then-outstanding shares of capital stock entitled to vote generally at an election of directors.
- *Amendment of Certificate of Incorporation provisions.* The amendment or repeal of the above provisions in our Certificate of Incorporation relating to stockholder actions and special meetings of

stockholders and Board classification would require approval by holders of at least two-thirds of our outstanding shares of capital stock entitled to vote thereon and the affirmative vote of not less than two-thirds of the outstanding shares of each class entitled to vote thereon as a class. The amendment or repeal of the above provisions in our Certificate of Incorporation relating to Board vacancies and the removal of directors, as well as the amendment of our Certificate of Incorporation to provide for cumulative voting, would require approval by the affirmative vote of the majority of the outstanding shares of capital stock entitled to vote on such amendment or repeal, and the affirmative vote of the majority of the outstanding shares of each class entitled to vote thereon as a class, at a duly constituted meeting of stockholders called expressly for such purpose.

- *Issuance of undesignated preferred stock.* The Board or any authorized committee thereof has the authority, without further action by the stockholders, to issue up to 10,000,000 shares of undesignated preferred stock with rights and preferences, including voting rights, designated from time to time by the Board. The existence of authorized but unissued shares of preferred stock would enable the Board to render more difficult or to discourage an attempt to obtain control of us by merger, tender offer, proxy contest or other means.
- *Choice of forum.* Our Bylaws provide that unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for state law claims for (i) any derivative action or proceeding brought on our behalf; (ii) any action asserting a claim of breach of fiduciary duty owed by any of our directors, officers or other employees or our stockholders; (iii) any action asserting a claim against us arising pursuant to the DGCL, our Certificate of Incorporation or our Bylaws; (iv) and action to interpret, apply, enforce or determine the validity of our Certificate of Incorporation or our Bylaws; or (v) any action asserting a claim against us that is governed by the internal affairs doctrine. The enforceability of similar choice of forum provisions in other companies' certificates of incorporation and bylaws has been challenged in legal proceedings, and it is possible that a court could find these types of provisions to be inapplicable or unenforceable. Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. Our Bylaws also provide that the United States District Court for the Southern District of California will, unless we consent in writing to the selection of an alternative forum, be the sole and exclusive forum for resolving any action asserting a claim arising under the Securities Act (the "Federal Forum Provision"). While there can be no assurance that federal or state courts will follow the holding of the Delaware Supreme Court which recently found that such provisions are facially valid under Delaware law or determine that the Federal Forum Provision should be enforced in a particular case, application of the Federal Forum Provision means that suits brought by our stockholders to enforce any duty or liability created by the Securities Act must be brought in federal court in California and cannot be brought in state court. Neither the exclusive forum provision nor the Federal Forum Provision applies to suits brought to enforce any duty or liability created by the Exchange Act. Section 27 of the Exchange Act creates exclusive federal jurisdiction over all claims brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. Accordingly, actions by our stockholders to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder also must be brought in federal court. Our stockholders will not be deemed to have waived our compliance with the federal securities laws and the regulations promulgated thereunder. Any person or entity purchasing or otherwise acquiring or holding any interest in any of our securities shall be deemed to have notice of and consented to our exclusive forum provisions, including the Federal Forum Provision. These provisions may limit a stockholder's ability to bring a claim in a judicial forum of their choosing for disputes with us or our directors, officers, or other employees, or the underwriters of any offering giving rise to such dispute, which may discourage lawsuits against us and our directors, officers, and other employees and underwriters of any offering giving rise to such claims.

The combination of these provisions will make it more difficult for the existing stockholders to replace the Board as well as for another party to obtain control of us by replacing the Board. Because the Board has the power to retain and discharge its officers, these provisions could also make it more difficult for existing stockholders or another party to effect a change in management. In addition, the authorization of undesignated preferred stock makes it possible for the Board to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change our control.

These provisions are intended to enhance the likelihood of continued stability in the composition of the Board and its policies and to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to reduce our vulnerability to hostile takeovers and to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers for our shares and may have the effect of delaying changes in our control or management. As a consequence, these provisions may also inhibit fluctuations in the market price of our stock.

#### ***Delaware Anti-Takeover Law***

We are subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. In general, Section 203 prohibits a publicly-held Delaware corporation from engaging in a “business combination” with an “interested stockholder” for a period of three years following the date on which the person became an interested stockholder unless:

- prior to the date of the transaction, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, but not the outstanding voting stock owned by the interested stockholder, (i) shares owned by persons who are directors and also officers and (ii) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to the date of the transaction, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66.67% of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset or stock sale, or other transaction or series of transactions together resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status, did own 15% or more of a corporation’s outstanding voting stock. We expect the existence of this provision to have an anti-takeover effect with respect to transactions that the Board does not approve in advance. We also anticipate that Section 203 may also discourage attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

#### ***Limitations on Liability and Indemnification of Officers and Directors***

The Certificate of Incorporation limits the liability of the directors of Pardes to the fullest extent permitted by the DGCL, and the Bylaws provide that we will indemnify them to the fullest extent permitted by such law. We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by the Board. Under the terms of such indemnification agreements, we are required to indemnify each of our directors and officers, to the fullest extent permitted by the DGCL if the basis of the indemnitee’s involvement was by reason of the fact that the indemnitee is or was a director or officer of Pardes or

any of its subsidiaries or was serving at Pardes' request in an official capacity for another entity. We must indemnify our officers and directors against all reasonable fees, expenses, charges and other costs of any type or nature whatsoever, including any and all expenses and obligations paid or incurred in connection with investigating, defending, being a witness in, participating in (including on appeal), or preparing to defend, be a witness or participate in any completed, actual, pending or threatened action, suit, claim or proceeding, whether civil, criminal, administrative or investigative, or establishing or enforcing a right to indemnification under the indemnification agreement. The indemnification agreements also require us, if so requested, to advance within thirty days of such request all reasonable fees, expenses, charges and other costs that such director or officer incurred, provided that such person will return any such advance if it is ultimately determined that such person is not entitled to indemnification by us. Any claims for indemnification by our directors and officers may reduce our available funds to satisfy successful third-party claims against us and may reduce the amount of money available to us.

### **Material Relationships with Selling Securityholders**

Below is a description of material relationships in the past three years between us, our predecessors or affiliates and certain Selling Stockholders.

#### ***Pardes Related Party Transactions***

##### **Registration Rights Agreement**

On the Closing Date, FSDC II, Old Pardes, the FSDC II Investors and the Major Pardes Investors entered into a Registration Rights Agreement, pursuant to which, among other things, the FSDC II Investors and the Major Pardes Investors and their permitted transferees (collectively, the "Investors") were granted certain customary registration rights, including demand, piggy-back and shelf registration rights. The Registration Rights Agreement also provides that Pardes will pay certain expenses relating to such registration and further provides that Pardes will indemnify the Investors in the event of material misstatements or omissions attributable to Pardes in any registration statement registering securities held by the Investors, and that the Investors will indemnify Pardes for material misstatements or omissions attributable to the Investors in any registration statement registering securities held by the Investors.

The foregoing description of the Registration Rights Agreement does not purport to be complete and is qualified in its entirety by the full text of the Registration Rights Agreement, a copy of which is attached hereto as Exhibit 4.3 and incorporated herein by reference.

## **Voting Agreement**

On the Closing Date, Pardes, the Sponsor and certain holders of our Common Stock (collectively, the “Voting Parties”) entered into the Voting Agreement, pursuant to which each Voting Party agreed to vote all voting securities of Pardes that it owns from time to time and that it may vote in an election of Pardes’ directors in accordance with the provisions of the Voting Agreement.

Pursuant to the Voting Agreement, through the consummation of the 2024 annual stockholders meeting, at each annual or special meeting of stockholders of Pardes for the election of Class III directors, Sponsor shall have the right to designate for election as a member of the Board, and the Board (including any committee thereof) shall nominate (and recommend for election and include such recommendation in a timely manner in any proxy statement or other applicable announcement to its stockholders), one individual to serve as a Class III director, provided, however, such right automatically terminates on the date on which Sponsor owns less than 1,385,937 shares of Common Stock (as adjusted for any share split, share dividend or other share recapitalization, share exchange or other event). Sponsor shall only have one nominee serving as a Class III director at any time during the term of the Voting Agreement. If Sponsor ceases to be entitled to nominate any directors, then such directors shall be nominated by the Board and approved by the holders of the outstanding shares of Common Stock.

The foregoing description of the Voting Agreement does not purport to be complete and is qualified in its entirety by the full text of the Voting Agreement, a copy of which is attached hereto as Exhibit 4.4 and incorporated herein by reference.

## **Indemnification Agreements**

We have entered into indemnification agreements with each of our directors and officers. The indemnification agreements require us to indemnify our directors and officers to the fullest extent permitted by the DGCL.

## **GMF Pardes LLC Related Person Transaction**

In connection with the Business Combination, as part of the PIPE Investment, GMF Pardes LLC, an affiliate of our director J. Jay Lobell entered into a subscription agreement to purchase an aggregate of 500,000 shares of Common Stock at a purchase price of \$10 per share in a private placement.

## **FSDC II Related Person Transactions**

On August 26, 2020, Sponsor purchased an aggregate 2,875,000 Founder Shares for a total purchase price of \$25,000, or approximately \$0.009 per share. On January 22, 2021, Sponsor transferred 30,000 Founder Shares to each of Daniel Dubin, M.D., Owen Hughes and Deepa Pakianathan, Ph.D., at their original per-share purchase price, for an aggregate of 90,000 Founder Shares transferred. On February 5, 2021, we effected a 1:11/2 stock split of the FSDC II Class B Common Stock and on February 16, 2021, we effected a 1:11/6 stock split of the FSDC II Class B common stock, resulting in Sponsor holding an aggregate of 4,941,250 Founder Shares and there being an aggregate of 5,031,250 Founder Shares outstanding. The number of Founder Shares outstanding was determined based on the expectation that the total size of the FSDC II IPO would be a maximum of 20,125,000 shares of FSDC II Class A Common Stock if the underwriters’ over-allotment option was exercised in full, and therefore that such Founder Shares would represent 20% of the issued and outstanding shares of common stock (excluding the Private Placement Shares) after such offering.

Sponsor purchased 602,500 Private Placement Shares at a price of \$10 per share, or \$6,602,500 in the aggregate, in a private placement that closed simultaneously with the FSDC II IPO.

Until the Closing, FSDC II utilized office space at 900 Larkspur Landing Circle, Suite 150, Larkspur, CA 94939 belonging to Sponsor. Following the closing of the FSDC II IPO, FSDC II paid an affiliate of Sponsor

\$10,000 per month for office space, secretarial and administrative services provided to members of its management team pursuant to the terms of an administrative services agreement between FSDC II and Sponsor, which terminated as of the Closing.

Sponsor and FSDC II's executive officers and directors were reimbursed for any out-of-pocket expenses incurred in connection with activities on FSDC II's behalf in connection with the completion of an initial business combination, such as identifying potential target businesses and performing due diligence on suitable business combinations. FSDC II's audit committee reviewed on a quarterly basis all payments that were made to Sponsor, officers, directors or its or their affiliates. No compensation of any kind, including finder's and consulting fees, were paid by FSDC II to Sponsor, executive officers and directors, or any of their respective affiliates, for services rendered prior to or in connection with the completion of the Business Combination.

Sponsor loaned FSDC II \$200,000 to be used for a portion of the expenses of the FSDC II IPO. These loans were non-interest bearing and were payable upon the closing of the FSDC II IPO. These loans were fully repaid on February 19, 2021.

In connection with the Business Combination, as part of the PIPE Investment, certain affiliates of Sponsor have entered into subscription agreements to purchase an aggregate of 1,000,000 shares of Common Stock at a purchase price of \$10 per share in a private placement.

Previously, FSDC II entered into a registration rights agreement (the "prior registration rights agreement") with respect to the Founder Shares and Private Placement Shares. The holders of these securities were entitled to make up to three demands, excluding short form demands, that FSDC II register such securities. In addition, the holders had certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of FSDC II's initial business combination. FSDC II was required to bear the expenses incurred in connection with the filing of any such registration statements.

In connection with the Closing, the FSDC II Investors and certain other stockholders entered into the Registration Rights Agreement with FSDC II and Pardes that replaced the prior registration rights agreement. For more information on the Registration Rights Agreement, see "*— Pardes Related Party Transactions — Registration Rights Agreement.*"

In connection with the execution of the Merger Agreement, the FSDC II Investors entered into support agreements with FSDC II, Old Pardes and Sponsor. Under such support agreements, each such stockholder agreed to vote, at any meeting of the stockholders of FSDC II, and in any action by written consent of the stockholders of FSDC II, all of such stockholder's FSDC II Class B Common Stock of FSDC II (i) in favor of (A) the Merger Agreement, (B) certain proposals requiring approval by the stockholders of FSDC II in connection with the Business Combination, and (C) the transactions contemplated by the Merger Agreement and a Company Support Agreement entered into between FSDC II and certain stockholders of FSDC II listed on the signature pages thereto (the "Company Support Agreement"), and (ii) in favor of any other matter reasonably necessary to the consummation of the transactions contemplated by the Merger Agreement and the approval of such stockholder proposals. In addition, the Company Support Agreement prohibited each such stockholder from, among other things, selling, assigning or transferring any FSDC II Class B Common Stock held by such stockholder or taking any action that would prevent or disable such stockholder from performing its obligations under the Company Support Agreement.

In addition, in connection with the Closing, Sponsor and certain other stockholders entered into a Voting Agreement with Pardes. For more information on the Voting Agreement, see "*— Pardes Related Party Transactions — Voting Agreement.*"

On November 15, 2021, Old Pardes issued Convertible Notes for an aggregate principal amount of \$10 million to certain of our stockholders affiliated with Sponsor and FSDC II. The Convertible Notes accrued interest at the annual rate of 4% per annum and had a stated maturity date of October 31, 2022. The Convertible Notes were due and payable at the earlier of the Closing and the closing of a “corporate transaction,” (as defined in the Note Purchase Agreement) and at any time on or after the maturity date at our election or upon demand of a purchaser. Pardes used proceeds from the Business Combination to repay outstanding principal amounts and accrued and unpaid interest under the outstanding Convertible Notes as of the Closing. The Convertible Notes were repaid in full at Closing.

## SECURITIES ACT RESTRICTIONS ON RESALE OF OUR SECURITIES

Pursuant to Rule 144 under the Securities Act (“Rule 144”), a person who has beneficially owned shares of our restricted Common Stock for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been our affiliate at the time of, or at any time during the three months preceding, a sale and (ii) we are subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the 12 months (or such shorter period as we were required to file reports) preceding the sale.

Persons who have beneficially owned shares of our restricted Common Stock for at least six months but who are our affiliates at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of shares of our Common Stock then outstanding; or
- the average weekly reported trading volume of our Common Stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by our affiliates under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about us.

## PLAN OF DISTRIBUTION

We are registering the possible offer and sale from time to time by the Selling Securityholders, or their permitted transferees, of up to an aggregate of 37,170,838 shares of Common Stock that were issued to (i) PIPE Investors in a private placement in connection with the Closing, (ii) Sponsor or its Affiliates prior to the Closing, (iii) certain Pardes Equityholders in connection with the Closing. We are also registering the possible offer and sale from time to time of any additional securities that may become issuable by reason of share splits, share dividends or other similar transactions.

We will not receive any proceeds from the sale of shares of Common Stock by the Selling Securityholders pursuant to this prospectus. The Selling Securityholders will pay any underwriting discounts and commissions and expenses incurred by the Selling Securityholders in disposing of the securities. We will bear all other costs, fees and expenses incurred in effecting the registration of the securities covered by this prospectus, including, without limitation, all registration and filing fees, Nasdaq listing fees and fees and expenses of our counsel and our independent registered public accountants.

The securities beneficially owned by the Selling Securityholders covered by this prospectus may be offered and sold from time to time by the Selling Securityholders. The term "Selling Securityholders" includes donees, pledgees, transferees or other successors-in-interest selling securities received after the date of this prospectus from a Selling Securityholder as a gift, pledge, partnership distribution or other transfer. The Selling Securityholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made on one or more exchanges or in the over-the-counter market or otherwise, at prices and under terms then prevailing or at prices related to the then current market price or in negotiated transactions. Each Selling Securityholder reserves the right to accept and, together with its respective agents, to reject, any proposed purchase of securities to be made directly or through agents. The Selling Securityholders and any of their permitted transferees may sell their securities offered by this prospectus on any stock exchange, market or trading facility on which the securities are traded or in private transactions. If underwriters are used in the sale, such underwriters will acquire the shares for their own account. These sales may be at a fixed price or varying prices, which may be changed, or at market prices prevailing at the time of sale, at prices relating to prevailing market prices or at negotiated prices. The securities may be offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters will be obligated to purchase all the securities offered if any of the securities are purchased.

Subject to the limitations set forth in any applicable registration rights agreement, the Selling Securityholders may use any one or more of the following methods when selling the securities offered by this prospectus:

- purchases by a broker-dealer as principal and resale by such broker-dealer for its own account pursuant to this prospectus;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- block trades in which the broker-dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- an over-the-counter distribution in accordance with the rules of the Nasdaq;
- through trading plans entered into by a Selling Securityholder pursuant to Rule 10b5-1 under the Exchange Act that are in place at the time of an offering pursuant to this prospectus and any applicable prospectus supplement hereto that provide for periodic sales of their securities on the basis of parameters described in such trading plans;
- through one or more underwritten offerings on a firm commitment or best efforts basis;
- settlement of short sales entered into after the date of this prospectus;

- agreements with broker-dealers to sell a specified number of the securities at a stipulated price per share or warrant;
- in “at the market” offerings, as defined in Rule 415 under the Securities Act, at negotiated prices, at prices prevailing at the time of sale or at prices related to such prevailing market prices, including sales made directly on a national securities exchange or sales made through a market maker other than on an exchange or other similar offerings through sales agents;
- directly to purchasers, including through a specific bidding, auction or other process or in privately negotiated transactions;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- through a combination of any of the above methods of sale; or
- any other method permitted pursuant to applicable law.

In addition, a Selling Securityholder that is an entity may elect to make a pro rata in-kind distribution of securities to its members, partners or stockholders pursuant to the registration statement of which this prospectus is a part by delivering a prospectus with a plan of distribution. Such members, partners or stockholders would thereby receive freely tradeable securities pursuant to the distribution through a registration statement. To the extent a distributee is an affiliate of ours (or to the extent otherwise required by law), we may file a prospectus supplement in order to permit the distributees to use the prospectus to resell the securities acquired in the distribution.

There can be no assurance that the Selling Securityholders will sell all or any of the securities offered by this prospectus. In addition, the Selling Securityholders may also sell securities under Rule 144, if available, or in other transactions exempt from registration, rather than under this prospectus. The Selling Securityholders have the sole and absolute discretion not to accept any purchase offer or make any sale of securities if they deem the purchase price to be unsatisfactory at any particular time.

The Selling Securityholders also may transfer the securities in other circumstances, in which case the transferees, pledgees or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus. Upon being notified by a Selling Securityholder that a donee, pledgee, transferee, other successor-in-interest intends to sell our securities, we will, to the extent required, promptly file a supplement to this prospectus to name specifically such person as a selling securityholder.

With respect to a particular offering of the securities held by the Selling Securityholders, to the extent required, an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement of which this prospectus is part, will be prepared and will set forth the following information:

- the specific securities to be offered and sold;
- the names of the selling securityholders;
- the respective purchase prices and public offering prices, the proceeds to be received from the sale, if any, and other material terms of the offering;
- settlement of short sales entered into after the date of this prospectus;
- the names of any participating agents, broker-dealers or underwriters; and
- any applicable commissions, discounts, concessions and other items constituting compensation from the selling securityholders.

In connection with distributions of the securities or otherwise, the Selling Securityholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-

dealers or other financial institutions may engage in short sales of the securities in the course of hedging the positions they assume with Selling Securityholders. The Selling Securityholders may also sell the securities short and redeliver the securities to close out such short positions. The Selling Securityholders may also enter into option or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The Selling Securityholders may also pledge securities to a broker-dealer or other financial institution, and, upon a default, such broker-dealer or other financial institution, may effect sales of the pledged securities pursuant to this prospectus (as supplemented or amended to reflect such transaction).

In order to facilitate the offering of the securities, any underwriters or agents, as the case may be, involved in the offering of such securities may engage in transactions that stabilize, maintain or otherwise affect the price of our securities. Specifically, the underwriters or agents, as the case may be, may over-allot in connection with the offering, creating a short position in our securities for their own account. In addition, to cover overallocments or to stabilize the price of our securities, the underwriters or agents, as the case may be, may bid for, and purchase, such securities in the open market. Finally, in any offering of securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allotted to an underwriter or a broker-dealer for distributing such securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. The underwriters or agents, as the case may be, are not required to engage in these activities, and may end any of these activities at any time.

The Selling Securityholders may solicit offers to purchase the securities directly from, and it may sell such securities directly to, institutional investors or others. In this case, no underwriters or agents would be involved. The terms of any of those sales, including the terms of any bidding or auction process, if utilized, will be described in the applicable prospectus supplement.

It is possible that one or more underwriters may make a market in our securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for our securities.

Our Common Stock is listed on Nasdaq under the symbol "PRDS."

The Selling Securityholders may authorize underwriters, broker-dealers or agents to solicit offers by certain purchasers to purchase the securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we or the Selling Securityholders pay for solicitation of these contracts.

A Selling Securityholder may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by any Selling Securityholder or borrowed from any Selling Securityholder or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from any Selling Securityholder in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, any Selling Securityholder may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

In effecting sales, broker-dealers or agents engaged by the Selling Securityholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the Selling Securityholders in amounts to be negotiated immediately prior to the sale.

In compliance with the guidelines of the Financial Industry Regulatory Authority (“FINRA”), the aggregate maximum discount, commission, fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the gross proceeds of any offering pursuant to this prospectus and any applicable prospectus supplement.

If at the time of any offering made under this prospectus a member of FINRA participating in the offering has a “conflict of interest” as defined in FINRA Rule 5121 (“Rule 5121”), that offering will be conducted in accordance with the relevant provisions of Rule 5121.

To our knowledge, there are currently no plans, arrangements or understandings between the Selling Securityholders and any broker-dealer or agent regarding the sale of the securities by the Selling Securityholders. Upon our notification by a Selling Securityholder that any material arrangement has been entered into with an underwriter or broker-dealer for the sale of securities through a block trade, special offering, exchange distribution, secondary distribution or a purchase by an underwriter or broker-dealer, we will file, if required by applicable law or regulation, a supplement to this prospectus pursuant to Rule 424(b) under the Securities Act disclosing certain material information relating to such underwriter or broker-dealer and such offering.

Underwriters, broker-dealers or agents may facilitate the marketing of an offering online directly or through one of their affiliates. In those cases, prospective investors may view offering terms and a prospectus online and, depending upon the particular underwriter, broker-dealer or agent, place orders online or through their financial advisors.

In offering the securities covered by this prospectus, the Selling Securityholders and any underwriters, broker-dealers or agents who execute sales for the Selling Securityholders may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. Any discounts, commissions, concessions or profit they earn on any resale of those securities may be underwriting discounts and commissions under the Securities Act.

The underwriters, broker-dealers and agents may engage in transactions with us or the Selling Securityholders, or perform services for us or the Selling Securityholders, in the ordinary course of business.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The Selling Securityholders and any other persons participating in the sale or distribution of the securities will be subject to applicable provisions of the Securities Act and the Exchange Act, and the rules and regulations thereunder, including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of purchases and sales of any of the securities by, the Selling Securityholders or any other person, which limitations may affect the marketability of the shares of the securities.

We will make copies of this prospectus available to the Selling Securityholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The Selling Securityholders may indemnify any agent, broker-dealer or underwriter that participates in transactions involving the sale of the securities against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the Selling Securityholders against certain liabilities, including certain liabilities under the Securities Act, the Exchange Act or other federal or state law. Agents, broker-dealers and underwriters

may be entitled to indemnification by us and the Selling Securityholders against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents, broker-dealers or underwriters may be required to make in respect thereof.

We have agreed to use our commercially reasonable efforts to maintain the effectiveness of this registration statement (a) until the earlier of (i) the tenth anniversary of the date of the Registration Rights Agreement, (ii) the date as of which (A) all of the securities registrable under the Registration Rights Agreement have been sold pursuant to the registration statement or (B) the holders of all securities subject to the Registration Rights Agreement are permitted to sell the securities under Rule 144 (or any similar provision) without limitation on the amount of securities sold or the manner of sale; provided that with respect to any investor party to the Registration Rights Agreement, such investor will have no rights under the Registration Rights Agreement and all obligations of Pardes to such investor under the Registration Rights Agreement shall terminate upon the earlier of (x) the date such investor ceases to hold at least 1% of the securities subject to such Registration Rights Agreement or (y) if such investor is an individual and such investor is a director or an executive officer of Old Pardes or FSDC II as of immediately prior to the consummation of the Business Combination, the date when such investor is permitted to sell the securities under Rule 144 (or any similar provision) without limitation on the amount of securities sold or the manner of sale and (b) with respect to the PIPE Investors, until the earliest of (i) the third anniversary of the closing of the Closing, (ii) the date on which the PIPE Investor ceases to hold any shares of Common Stock issued pursuant to a subscription agreement between the PIPE Investor and FSDC II, or (iii) on the first date on which the PIPE Investor can sell all of its shares of Common Stock issued pursuant to a subscription agreement between the PIPE Investor and FSDC II (or shares received in exchanged therefor) under Rule 144 without limitations.
